

QUALITY POLICY

Granta Automation Ltd are committed to the Design, Manufacture and Supply of Automation Systems that comply with Customers' stated or implied requirements and any applicable regulatory and legal requirements.

To this end the company operates a quality management system (QMS) to meet the requirements of ISO 9001: 2015. This is implemented in all areas and functions that have an effect on quality and will be monitored both internally and by an independent UKAS accredited certification body. The Company is committed to continual improvement of its QMS whenever appropriate the system will be updated to improve its effectiveness to ensure quality of services provided, and to achieve the quality objectives.

This policy is subject to annual review to ensure that it remains appropriate and to reconsider quality objectives that may arise as the business progresses.

MANAGING DIRECTOR

DISTRIBUTION: This quality policy is communicated within the organisation as part of induction training for personnel and is available to all Staff via Server, Noticeboard and Briefings. It is also available to Interested Parties on request.
